

REMARKS

This Amendment is being filed in response to the Office Action mailed March 24, 2008, which has been reviewed and carefully considered. Reconsideration and allowance of the present application in view of the amendments made above and the remarks to follow are respectfully requested.

In the Office Action, the Examiner found that the Application was in condition for allowance, except for the certain informalities which are addressed below. Applicants gratefully acknowledge the Examiner's indication that this application contains allowable subject matter. Prosecution has been closed on the merits in accordance with Ex Parte Quayle, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935).

By means of the present amendment, claims 12-15 have been canceled by this amendment without prejudice. Applicants reserve the right to reintroduce subject matter deleted herein at a later time during the prosecution of this application or continuing applications.

In the Office Action, the Examiner indicated that the title of the invention was not sufficiently descriptive, and required a new

title. In response, the current title has been deleted and substituted with a new title which is clearly indicative of the invention to which the claims are directed.

In the Office Action, the Examiner objected to claim 11 for a certain informality. In response, claim 11 has been amended in accordance with the Examiner's suggestions. Accordingly, withdrawal of the objection to claim 11 is respectfully requested.

In view of the above, it is respectfully submitted that the present application is in condition for allowance, and a Notice of Allowance is earnestly solicited.

Respectfully submitted,

By
